

Community Response Priorities Now

We asked CIT Coalition members, including police officers, peers, health providers, and administrators, to rank their current priorities and needs among a list of options. In addition, 43% said **Analyzing the Data** is a top priority and 45% highlighted the need for **finding support through grant seeking**.

Community Response Unit Services Sites Need Now

We asked CIT Coalition members, including police officers, peers, health providers, and administrators, about the services they need right now to do the job.

Technology and Training Assessment services were among sites highest priorities.
